# ABOUT US

A design-focused furniture dealership, SOS provides solutions to optimize space and inspire those within it.

Our methodology is rooted in elevating the experience of furnishing space and enhancing the environments we create.

PROJECT MANAGEMENT

AGILE AND CREATIVE, OUR TEAM IS WELL VERSED IN SUPPORTING THE DYNAMIC REQUIREMENTS FOR ANY SCHOOL OR LEARNING FACILITY.

At SOS, we understand that education is no longer accepted as linear. It has evolved to the development of best practices for cultivating connection in unique ways.

We understand the wide range of demands that educational facilities need to meet- offering inspiring, durable, and multi-purpose space is just the beginning.

While working within budget and schedule, we focus on important details and high- level strategy.

# COLLABORATE

Collaboration environments encourage learning outside of formal instruction, while building relationships and connection to the community.

Through integrating informal social spaces between offices and classrooms, both students and teachers are able to have meaningful interaction and learn alongside others.

# CONGREGATE

CAFETERIAS, PANTRIES, LARGE MEETING ROOMS, LOUNGES AND ASSEMBLY SPACES ARE ESSENTIAL TO ANY EDUCATIONAL CAMPUS.

Historically, these gathering spaces have felt institutional, stagnant, and uninspiring.

We have solutions that provide comfortable, inviting congregation space, supporting multipurpose flexibility- all while meeting health & safety standards.

# FOCUS

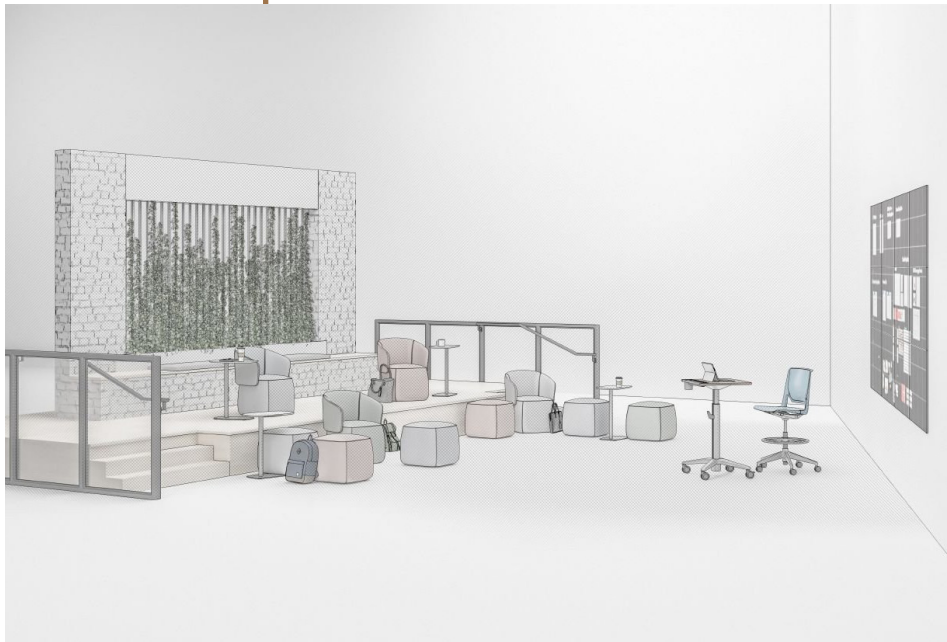

Faculty, students, and visitors require areas to focus for grading, studying, conferencing.

From private offices and libraries to individual areas within open environments, we have a wide range of solutions supporting focused activity.

# INSPIRE

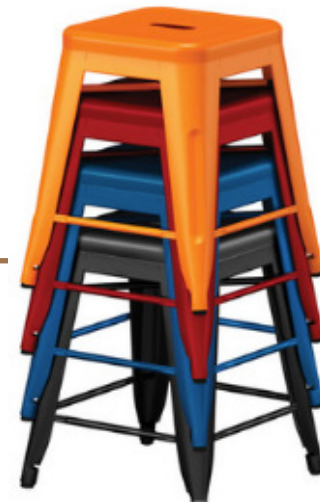

We create environments that instill inspiration. Through integrating pieces designed to move and explore, students and teachers find a deeper link to the expansion of ideas and elevated thinking.

Our educational practice has everything needed to support creative learning spaces.

# ADAPTABLE DESIGN

We incorporate modular furniture planning concepts and implement creative ideas, enabling schools and educational facilities to convert space as necessary - on a day-to-day basis, or for the long term.

# DURABLE PRODUCTS

Educational facilities inherently experience high use and have many high traffic areas.

We plan for the persistent use of furniture through our design development process, selecting the most durable materials, fabrics, and finishes.

Working with reputable manufacturers, we ensure quality products with dependable warranties.

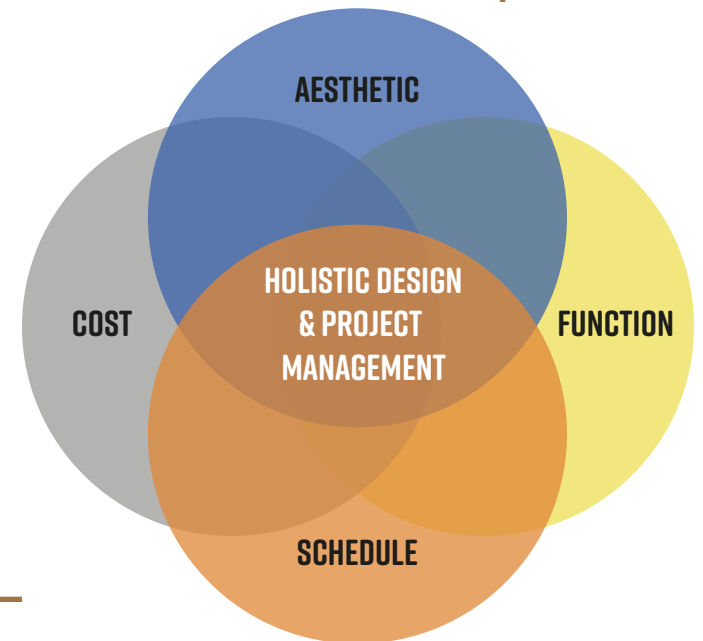

# AFFORDABLE VALUE

Making the most efficient use of assets is key to the success of every educational environment.

SOS provides the path to maximize real estate ROI and reduce cost.

Our approach optimizes space performance with design-driven, affordable furniture that easily adapts for new learning technologies and future function.
