Through establishing a deep understanding of business drivers and developing a centric strategy, we deliver space that embodies its highest ethos and purpose. Providing measurable return on investment, we offer solutions that meet current needs and adapt to future changes.

FINANCIAL SERVICES

With extensive experience in the financial sector, our team has a crafted process specific to the needs of these clients. We work with retail banks, investment banks, hedge funds, wealth management, and hybrid firms.

FINANCIAL PROJECTS

Our focus includes identifying factors such as privacy requirements, specialized IT & AV needs, and integration of art. Creating highly sophisticated and functional environments, while working with any budget, is our expertise.

MAXIMIZING INVESTMENTS

In this and any economic climate, making the most efficient use of all assets is key to the success of any enterprise.

As businesses continue to evolve and shift, the impact of how resources are used is critical.

SOS provides the means to furnish space, supporting your goals while maximizing investments.

DISCOUNT NEGOTIATION

Through developing strategic partners, SOS negotiates bundled discounts supporting procurement from high-end, luxury brands at significantly lower prices.

Combined with our knowledge of specific lines and pieces from major manufacturers, SOS skillfully develops custom furniture packages, holistically achieving our clients' goals.

REAL ESTATE ROI

SOS provides solutions to reduce real estate costs through creating multipurpose, dynamic environments.

Our approach optimizes space performance with design-driven, highly functional furniture. This offers the opportunity for organizations to benefit from a variety of atmospheres while increasing their return on investment.

PRODUCT MERCHANDISING

SOS strategically selects specific pieces from a wide range of manufacturers to stay within budget without sacrificing quality or aesthetics. We have identified specialty manufacturers with quality products and high design at a fraction of the cost in comparison to many of the wide-known brands.

Our expertise in merchandising product from multiple sources is a key driver in the success of many projects.

SUPPLY CHAIN

The global supply chain crisis is impacting a vast range of progress on many fronts. Furniture manufacturers are experiencing an ongoing and worsening breakdown, affecting global and domestic factories. This has resulted in extremely extended lead-times, many upwards of 15-20+ weeks.

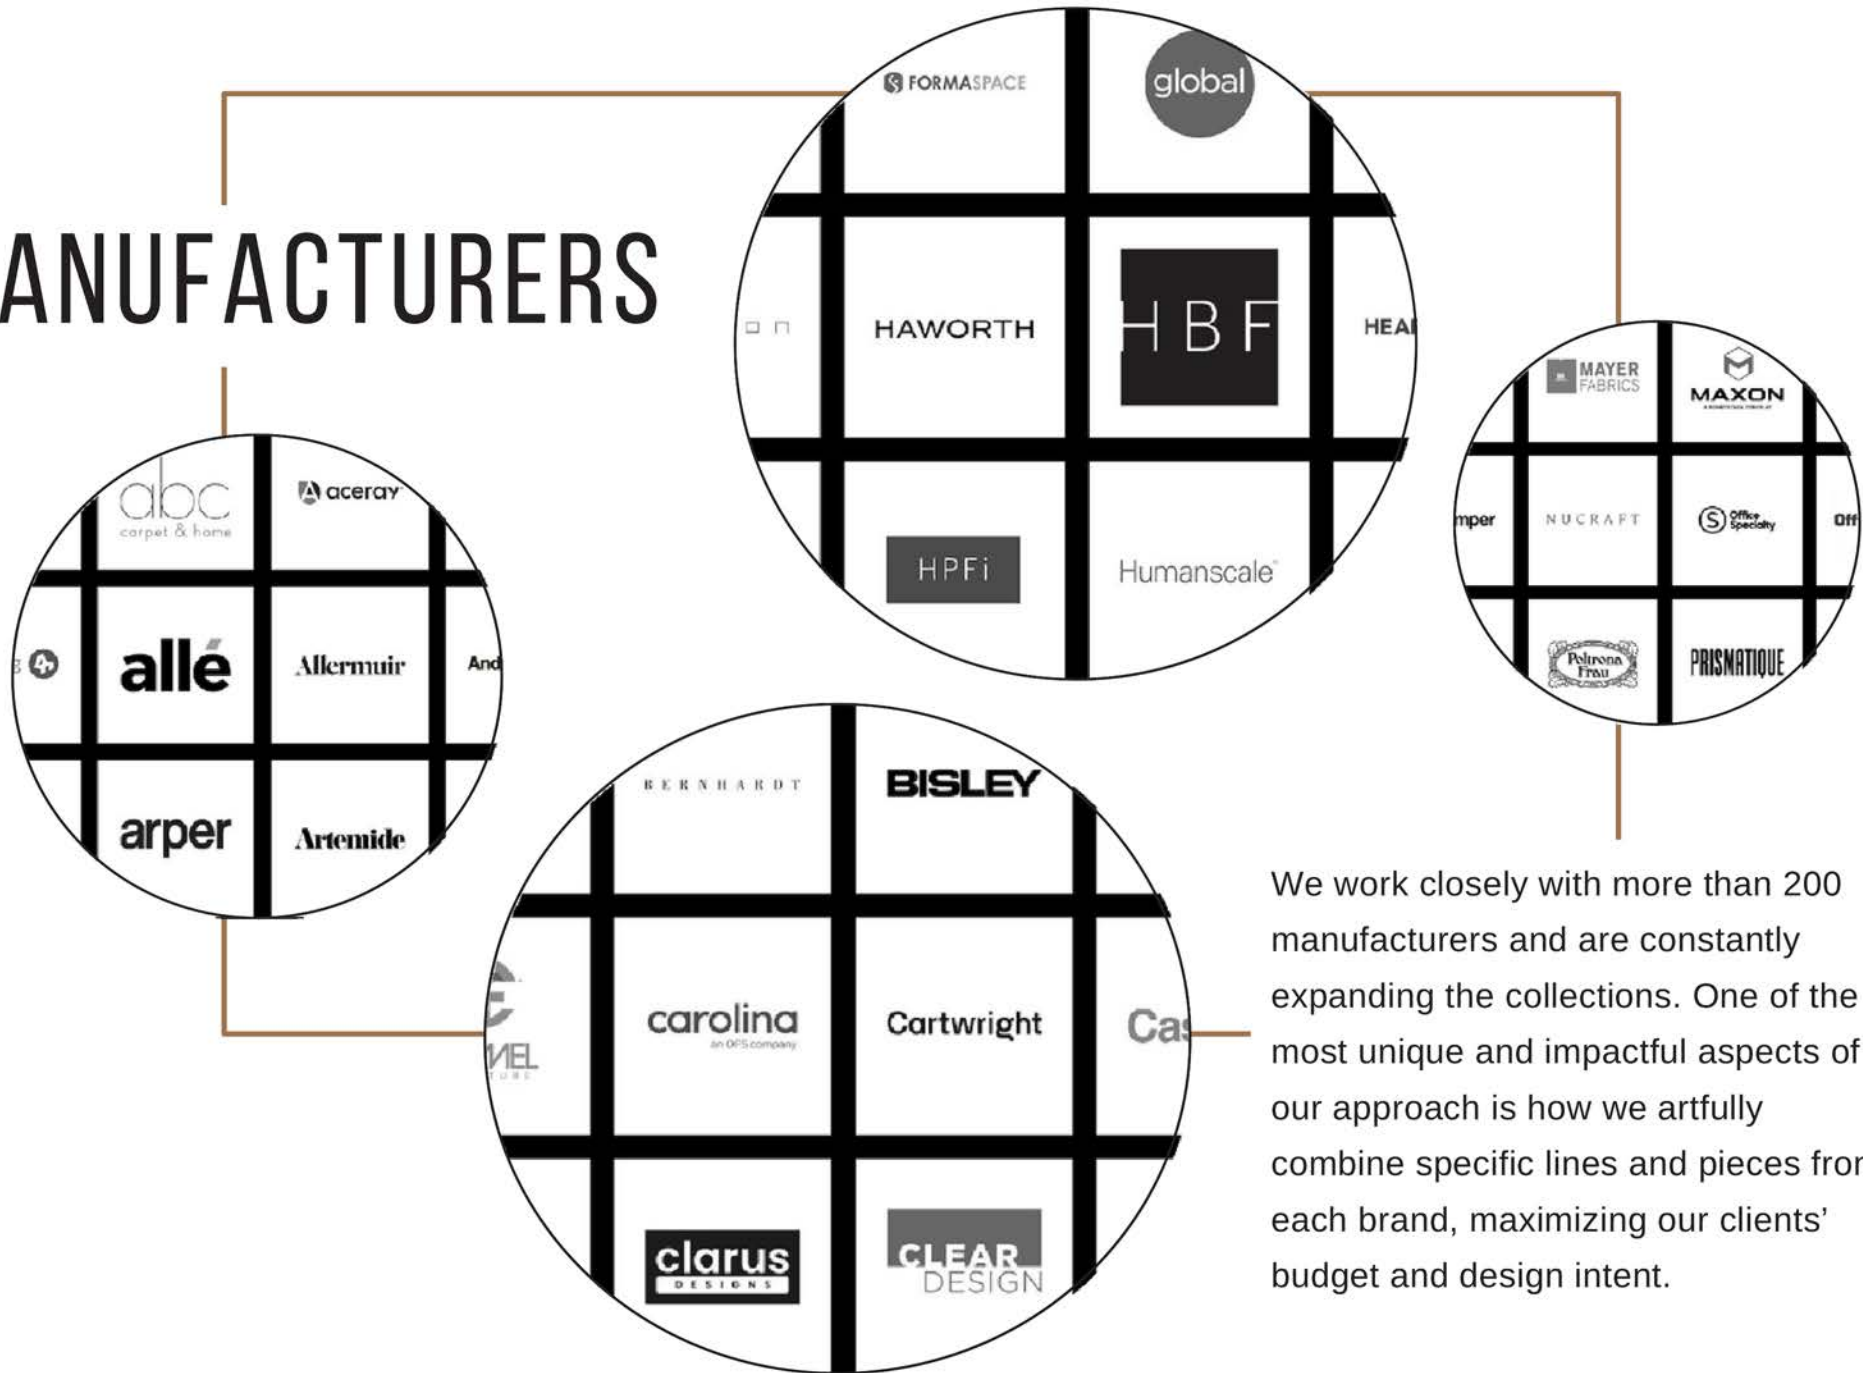

As a result, SOS developed a multi-faceted approach, supporting demands and keeping projects on schedule. Our strategy includes :

- Quick-ship alliances
- Independent market resources
- In-stock furniture
- Daily monitoring of manufacturing lead- times

We have solutions spanning all budgets, aesthetics and schedules.

MANUFACTURERS

We work closely with more than 200 manufacturers and are constantly expanding the collections. One of the most unique and impactful aspects of our approach is how we artfully combine specific lines and pieces from each brand, maximizing our clients' budget and design intent.
