OUR METHOD

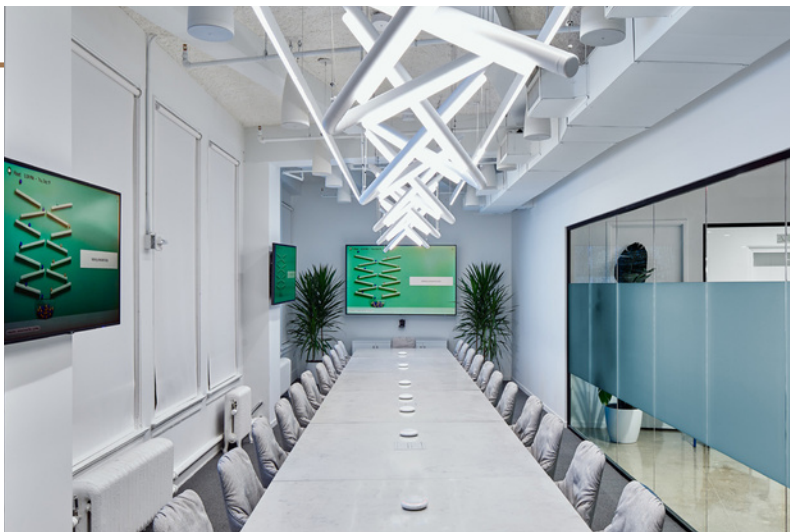

At SOS, we take a consultative and collaborative approach to achieve the goals of each unique project. We act as an extension of our clients' team, adapting preferred methods of communication and workflow.

Through establishing a deep understanding of business drivers and developing a centric strategy, we deliver space that embodies its highest ethos and purpose. Providing measurable return on investment, we offer solutions that meet current needs and adapt to future changes.

LIFE SCIENCES

AGILE AND CREATIVE, OUR TEAM IS WELL VERSED IN SUPPORTING THE DYNAMIC REQUIREMENTS FOR ANY LIFE SCIENCE FACILITY.

At SOS, we understand that new technologies and demands are constantly emerging in bio informatics and life sciences. Providing dynamic spaces for laboratories, office interiors, and amenity environments is crucial for scientific advancement and innovation.

There is a wide range of demands that life science facilities need to meet- offering inspiring, durable, and multi-purpose space is just the beginning. While working within budget and schedule, we focus on important details and high- level strategy.

ANALYZE

The importance of accuracy and safety in laboratory space is paramount. Creating an environment that facilitates critical analysis and experimentation requires expertise.

Productivity relies on specialized organization and storage integrated with furniture that supports heavy, high-tech equipment.

COLLABORATE

Integrating collaboration environments is essential for organizational culture and innovation by:

- Enhancing productivity
- Fostering creative problem solving
- Cultivating employee engagement
- Providing community and connection

CONFERENCE & Huddle ROOMS

OPEN PLAN LOUNGES

MULTIPURPOSE MEETING AREAS

FOCUS

Creating diverse focus areas brings balance to the workplace. Our approach includes important details of lighting, acoustics, and technology.

We identify key considerations in determining optimal focus environments such as work typologies and work styles.

PRIVATE OFFICES
LIBRARIES
OPEN PLAN DESKS
PHONE BOOTHS
WORK PODS

CONGREGATE

CAFETERIAS, PANTRIES, LARGE MEETING ROOMS, LOUNGES AND ASSEMBLY SPACES ARE ESSENTIAL TO ANY LIFE SCIENCE FACILITY.

Historically, these gathering spaces have felt institutional, stagnant, and uninspiring.

We provide comfortable, inviting congregation space, supporting multipurpose flexibility- all while meeting health & safety standards.

ADAPTABLE DESIGN

It is essential that laboratory space is flexible and modular. The ratio of lab space to office space is subject to change over time.

Flexibility in design allows for spatial enhancements that adapt to changing needs. Our approach supports shifts and growth with personnel as well as future projects.

DURABLE PRODUCTS

LIFE SCIENCE FACILITIES INHERENTLY
EXPERIENCE HIGH USE AND HAVE
POTENTIALLY HAZARDOUS CONDITIONS.

We plan for the persistent use of furniture through our design development process, selecting the most durable materials, fabrics, and finishes.

Working with reputable manufacturers, we ensure quality products with dependable warranties.

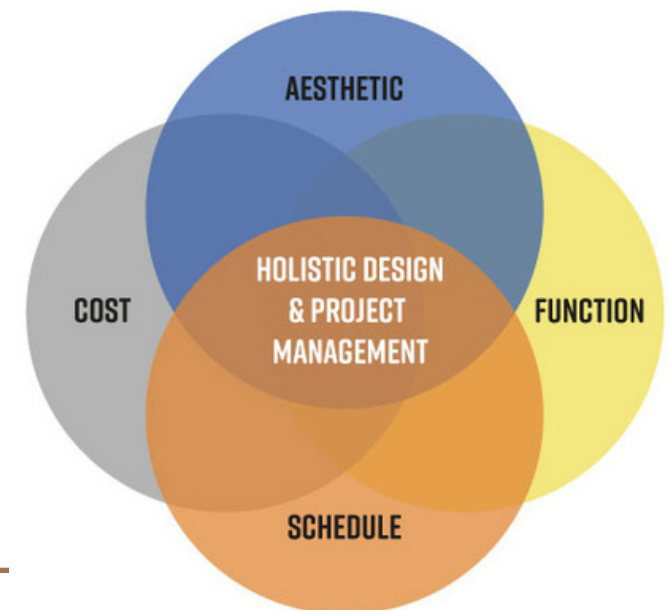

AFFORDABLE VALUE

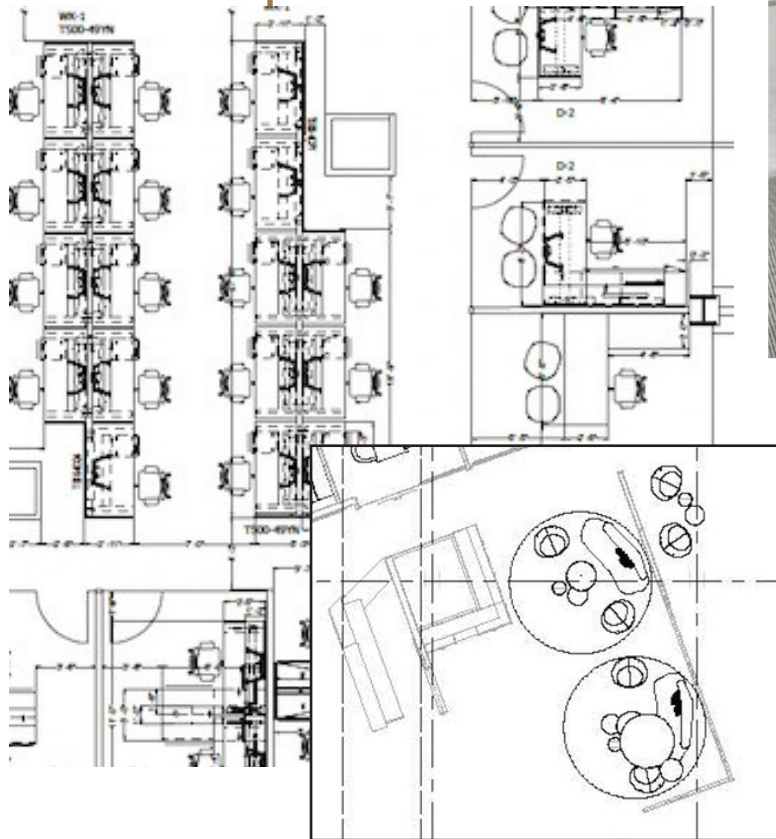

Making the most efficient use of assets is key to the success of every laboratory environment.

SOS provides the path to maximize real estate ROI and reduce cost.

We approach optimizing space performance with design-driven, affordable furniture that easily adapts for new learning technologies and future function.

REAL ESTATE ROI

SOS provides solutions to reduce real estate costs through creating multipurpose, dynamic environments.

Our approach optimizes space performance with design-driven, highly functional furniture. This offers the opportunity for organizations to benefit from a variety of atmospheres while increasing their return on investment.
